ADD/A (Colonel White

16 May 1952

1. I invited [REDACTED] to attend DD/A's 10:30 a.m. meetings in the future and he was very pleased.

2. Mr. Pforzheimer said that Congressman Taber had telephoned him regarding an individual who had applied for employment in CIA. I told Mr. Pforzheimer to insure that the applicant received every possible consideration and that he was not turned down without my knowledge.

3. [REDACTED] of TSS was over with a request addressed to DD/A for T/O and ceiling increases. Part of the increases were to take care of the twenty to twenty-five positions which we told [REDACTED] to go ahead on; however, there were a lot of additional requests put into the memorandum which I think will need DCI approval. I gave the paper to Bill Peel and told him to expedite action on that part of it which involved the [REDACTED] program and to give me his recommendations on the rest of it as soon as possible.
